

Core Transit Employee Housing

At Core Transit, we understand that finding housing in the Vail Valley can feel overwhelming when starting mountain life. That's why we offer employee housing options in **Gypsum, Eagle, and Edwards**, helping our operations team settle into the community and feel at home from day one.

Our Employee Housing Program is designed to make the transition into the valley and into life at Core Transit a little easier, more affordable, and more connected.

Housing options include:

- Shared housing accommodations
- Limited single living units available through a waitlist
- First-come, first-served placement
- Monthly rent ranging from **\$500–\$1,200**, depending on unit type and location
- A **\$250 security deposit** due at move-in, along with the first rent payment

PO Box 1070
3289 Cooley Mesa Road
Gypsum, CO 81637
(970) 328-3520
CoreTransit.org

We are committed to creating a respectful, welcoming, and inclusive living environment for all employees. Roommate assignments are based on availability, and same-gender living arrangements cannot be guaranteed.

Because shared mountain housing can be a unique experience, we encourage employees to take time to consider the living environment that will help them feel most comfortable and supported. Our goal is to provide a transparent and supportive experience so every employee can choose what works best for them.

Select units are pet-friendly and allow cats or dogs only. Pet-friendly housing is limited and subject to availability.

Employee housing is available exclusively to **Core Transit Operations employees**. All residents are expected to respect their housing, roommates, neighbors, and the surrounding community.

If you are interested in employee housing, please contact our People & Culture team at People.Culture@coretransit.org
